August 14, 1991

Trying to keep dry during a summer sleet storm high up on Long's Peak in Colorado is Dick McGaughey, Dept. 555. The annual mountain climb attracted thirty-six people and was led by Darwin Fager, Weoma Club director.

Inclement weather kept some of the climbers from reaching the 14,256' summit but all returned safely to the base camp. More photos will accompany the next issue. See story on page 3.

Mountain Climbers Beset by Winter-like Conditions

Early on August 3, nineteen AT&T employees and one retiree met in Estes Park, Colorado to be briefed on the details of the trail that leads up to the 14,256' summit of Longs Peak. An additional sixteen family members brought the total number of climbers to thirty-six.

The 4:05 a.m. briefing saw stars overhead but soon the clouds rolled in. By 9:30 a.m. the rain changed to sleet at the 13,000' mark. At 11:15 a.m., as several climbers reached the 13,750' level, Darwin Fager (climb organizer) advised all climbers to get off the mountain immediately.

"The people were well prepared and spirits remained high with thirty-two of thirty-six reaching the popular destination called 'The Keyhole', elevation 13,200'. Of those, twenty made it to the 13,700' level of the Dreaded Trough while ten hardy and aggressive types actually made the 14,256' summit before the event was called at 11:15 a.m.," according to Fager.

By 6:00 p.m. all climbers were safely back at the base area with no falls or injuries reported. Fager said a post-trip meeting will be held after work on Thursday, August 15 at 4:05 p.m. in the Pioneer Room.

Don Roach, Dept. 582, may share his experiences on the North Face as a technical climber lead by a professional mountaineer.

Feature Added Attraction at AT&T Company Picnic

The AT&T picnic committee brings you another new attraction! This year the AT&T Weoma Wheels Club will display some of their antique and restored automobiles in the picnic area. Also, go-carts have been added to Peony Parks many rides.

The AT&T Corny Clowns will again be entertaining the crowd and the Peony Park amusement and ride center will be in operation for the em-

ployees and their families.

The picnic is scheduled for Sunday, September 8, beginning at 12 o'clock noon and continuing until 6 p.m.

You should receive a detailed letter concerning the picnic in your company mail this week. If you do not receive a letter please ask your supervisor.

The picnic committee is headed by Hank Wnuk and the committee members are Miyeko, Jim Williams, Jerry Zenio, Dee Kelly and Denny Karloff.

Weoma Club Softball Highlights

In a softball game involving Weoma Club players, Tom Furst's "Sluggo's" won a nail biter over Phil Filarecki's Local Yocals, 4-3. Great defense by Jim (Spook) Spudich aided in the victory.

Corporate Cup Update

The sign-up for the 11th Annual Corporate Cup Run is going great, according to Judy Stroy, AT&T run coordinator. She urges everyone at the Works to encourage their fellow workers or spouses to sign up and join them on Sunday, September 15 at Civic Auditorium for a great event.

If sign-up sheets are unavailable at the entry doors contact Judy, x3666 or John Maun, x3504 for a form. The deadline for the event is August 23.

Works Runner Wins Twice in Recent California Meet

She runs six miles a day, 5 days a week and her perseverance paid off in the United States Corporate Athletic Association Track Meet held July 20-21 in Santa Barbara, California.

RICHARDSON

Joanne Richardson, Dept. 595-4, one of 160 employees on the AT&T team, took first place in two events in her age division (55 and over) - the 5K run (3.1 miles) and the 10K run (6.2 miles). This is Joanne's sixth such track meet and a broken foot a couple of years ago kept her from making this her seventh appearance at the annual meet. The AT&T team came in first in the whole competition.

Richardson plans to compete in the Omaha Corporate Cup Run on September 8. Another local AT&T employee, Norma Jablonski, was also on the team. She is employed in the AT&T Business Sales Division.

LOTTO BULL CONTEST

Steve Kush, Dept. 511-2, had read the August Fact Sheet and knew the answer to the LOTTO BULL question for the first week in August. Steve won \$100.00 by answering the following question - "Above what temperature does heat stress usually occur?" The answer: 90° F. He won another \$100.00 by correctly answering the bonus question.

Steve says he will let his wife do the shopping with his gift certificates. Next week's LOTTO BULL question will be worth \$100.00 and the bonus worth \$50.00. Be sure to read the August Fact Sheet available at all plant entrances.

FLAT TIRE?

Having a flat tire when driving is always a problem. But experiencing a flat or blowout while traveling on an interstate highway or other high-speed, controlled access roadway can present some special dangers.

The National Safety Council has these tips for coping with tire trouble when on an interstate highway:

At the first sign of wheel or tire trouble, work your vehicles toward the breakdown lane or, if at all possible, toward an exit. Signal your intentions to drivers behind.

DON'T SLAM ON THE BRAKES!!! Let the car slow down gradually by taking your foot off the gas pedal. Don't worry about damaging the tire further. The tire likely is ruined anyway.

Once off the road, put out flares, warning flags or reflectorized triangles behind your vehicle to alert other drivers. Keep your emergency flashers working. If you know how to change a tire and have the equipment, and can do it safely without being near traffic, change the wheel as you normally would.

The most important things about dealing with a flat tire on an interstate are: 1) don't stop in traffic, 2) get your vehicle completely away from the roadway before attempting to change a tire and 3) tackle changing a wheel only if you can do so without placing yourself in danger.
