Terry Kamino Recovering from Hit-and-Run Accident

It's going to be a while before senior engineer Terry Kamino (Dept. 586), can get out for a game of golf. Terry, who is also an avid racquetball player, suffered a broken ankle, arm and nose when he was hit by a truck while jogging on the night of March 26.

KAMINO

The good news is that Terry is recovering from his injuries and expects to be out of the hospital and back home by the time this issue hits the newsstands. The bad news is that the driver of the truck that hit

Terry left the scene of the accident and is being sought by Omaha police.

The accident happened at about 9:30 p.m. at 136th and B streets (just across from A & L Mid West Laboratories). We asked Terry to give us some of the details of the accident. Perhaps we can help the police locate the driver of the truck.

Terry said he was running east facing traffic when the truck came toward and hit him, point of impact being the right front quarter of the truck. The driver got out and came to Terry and asked if he needed assistance, then left.

Terry said he lay there for about 15 minutes, thinking the driver had gone for help. No ambulance came, nor did the driver return. Somehow, Terry managed to crawl over to the laboratories building where someone called for emergency assistance.

Terry gave this description of the truck driver to police: White male about 40 years old with curly hair. He was driving a yellow or brownish-color Ford pickup truck. There should be damage to the right rear-view mirror of the truck.

Anyone who has information that may help to find the driver and/or the truck should call the Omaha police hit-and-run department at 444-5626.

--LR

Pioneers Pick Palmer

The yearly election of the Cornhusker Chapter of the Telephone Pioneers of America was held March 26 and a record number of voters cast ballots.

PALMER

THIETJE

KELLY

NOWAK

The office of second vice president drew the most interest since there were two candidates vying for the position. Harvey Palmer defeated Darwin Fager in a close race. As is the custom, vote totals are not released by the chapter. Leo Thietje was unopposed for president as was Jim Kelly for senior vice president.

In the other contested race Pat Nowak edged Marilyn Kohlbeck to win the two-year term as Life Member Representative.

Palmer, of Dept. 581-6, is a ten-year member of the TPA and has been active in a host of volunteer activities. He was chosen as group leader, captain and chairman of the group captains.

Palmer is best known for his yearly activity in the Salvation Army Bell Ringers Tree of Lights campaigns. Each year the local chapter has gotten more involved and Palmer has played a key role in its success. He has also donated much time to the Pioneer Parking Lot Sales, renovation of the South Omaha Girls Club, the Salvation Army ball field, the Pioneer Easter and Thanksgiving Food Drives and the Easter Seals yearly telethon. In addition to the above, Palmer also is a volunteer for Sight Saving Saturday, a Pioneer project of checking children for eye defects.

"The Pioneers of America is an excellent organization that does a wonderful job helping those in need and I like being a part of it," Palmer said. He has no fixed project of his own for the future but he noted that the need is always there for volunteerism. "There is always a lot to do, many to help," he added.

A 31-year employee of AT&T, Palmer and his wife, Kathy, have six children.

LOTTO BULL CONTEST

There was no winner in the Lotto Bull Safety Contest for the first week in April. An employee missed the question, "The most effective emergency procedures about a corrosive can be found on the _____ sheet?" The answer is M S D S (Material Safety Data Sheet).

Next week's Lotto Bull question will be worth \$200. and the bonus question taken from the safety film used at your March departmental safety meeting will be worth \$100. which makes a total of \$300. you could win. Be sure to read the April Fact Sheet available at all plant entrances and in the main and cable cafeterias.

SAFETY TRIVIA

by Shirley

Trivia about alcohol:

1. What percent of all traffic deaths are alcohol-related?
2. True or false. Beer and wine are just as potent as hard liquor.
3. Nationwide, how many lives could be saved each year if people didn't drink and drive? (A) 21,000, (B) 23,500 or (C) 25,000?
4. Are there side effects of prescription and non-prescription drugs?
5. Is it dangerous to mix alcohol and tranquilizers?

ANSWERS:

1. 50 percent
2. True. Twelve ounces of beer, 5 ounces of wine and 1 1/2 ounces of 80 proof liquor all contain about the same amount of alcohol
3. (C) 25,000
4. Yes. Any drug you take might impair your driving skills.
5. Yes. Both are depressants that slow down thinking, breathing and heartbeat. Taken in combination, alcohol intensifies the effects of tranquilizers, possibly causing coma or death.

Weoma Club Offers Members Various Social Activities

A significant number of people have recently been hired by AT&T at the Omaha Works and may be unaware of the social, recreational and educational activities offered by the Weoma Club.

The active membership consists of all employees on the company roll. You need not sign up to be a member, only to participate in one or more of the many activities.

If you are interested in participating or receiving more information on any of the associated clubs listed below, check the appropriate box, fill in your name, department number, extension number and return it to the Weoma Club office located in the Employees Activity Mall. A Weoma Club officer or director will contact you.

() YES! I would like to participate in the Weoma Club activity/activities indicated below.

Words of Thanks

To the very thoughtful employees of AT&T, Omaha Works:

My family and I would like to thank everyone for all acts of kindness because of the death of my father, Clarence Ross.

Your thoughtfulness will always be remembered.

Thank you.

**PROTECT
THEM!**

Welcome!

Old Columbian School at 38th Avenue and Jones Street has been chosen as the 17th Omaha Symphony-A. S. I. D. Designers' Showhouse. The theme for the 1991 project is "Everything Old is New Again" and describes the Showhouse to a "T".

Built in 1892 out of red sandstone and brick, the school is an example of Richardson Romanesque architecture. Columbian is one of twenty schools designed for the Omaha School District by John Latenser, Sr. and was built at a cost of \$32,223.15.

The school served as a ten room grammar school until 1965 when, because of a dwindling enrollment, it was closed. Alumni include Dorothy McGuire, Dr. Harold Gifford, Robert Storz, Gilbert Doorly and Rudyard Norton. For the next twenty years it housed administrative offices for O.P.S.

Today this OLD School enters into a NEW role in serving the Omaha Community. It has been renovated to provide affordable apartment housing for the neighborhood. Eleven of these apartments will serve as our Showhouse. We are pleased to be a part of the effort to preserve the historic and architectural value of this property as it assumes a new and viable role in its history.

The Symphony Designer Showhouse is a joint effort by the Omaha Symphony Guild and the Nebraska-Iowa Chapter of the American Institute of Interior Designers to raise funds for the Omaha Symphony Orchestra and their many programs.

We invite you to be a part of this exciting project by attending this year's Showhouse!
