## Sluggo's Take 16-9 Win Over Balls & Strokes

"Oil Can" Tommy Furst's Sluggo's ripped hit after hit to end Balls & Strokes win streak in a 16-9 Weoma Club softball rout. The "Mexican Connection", father-son teammates Mike and Matt Huerta, each pounded home runs for Sluggo's.

The South Omaha Eagles edged Novotny's, 10-9, while "Hillbilly Phil" Filarecki and his Local Yocals slammed out a 15-2 win over the hapless Boys of Summer.

Elmo Fudd's boys ended up on the high end of a 12-11 nail-biter with Bud's. League standings are on page 2.

## Safety Awareness Contest

Week 4 winner of the Safety Awareness Contest is JULIE MICKLAVZINA, Dept. 083. We were told that Julie is a consistent winner and for knowing the answer to our question, she won a \$50 gift certificate from Service Merchandise.

"What does the American National Standards Institute do?" was the question we asked Julie. She gave the correct answer: "Set standards for safety glasses." We won't print the names Julie's coworkers called her, but we will CONGRATULATE her!!!

### SAFETY TRIVIA

by  
*Shirley*

Trivia about tools:

1. According to safety experts, what kind of screwdrivers are the safest--Phillips or flat-bit type?
2. What is the most commonly used and abused tool?
3. For cutting across the grain of wood, what type of saw should be used?
4. Do plastic handles on a pair of pliers or a screwdriver protect a person from electrical shock?
5. What is the first rule of wrench safety?

ANSWERS:

1. Phillips head and other cross-slot screwdrivers are safer because the pressure is distributed more evenly and the cross-slots are less likely to slip.
2. Screwdrivers.
3. Use a crosscut saw.
4. The plastic doesn't ensure protection against electrical shock unless it's specified as having insulated handles.
5. Pull the wrench toward you. Don't push.

## BLOODMOBILE

The American Red Cross Bloodmobile that visited the Omaha Works on May 17 and 18 collected 280 units of blood from the generous employees of AT&T. Of the 299 employees that offered to donate, nineteen were deferred, according to Dar Miller, AT&T Bloodmobile co-chairperson.

Miller announced that the "O"-mobile will again visit the plant for type O Positive and type O-Negative blood in July. She said more information will become available at a later date.

In the photo above, Ken Deman (left) and Mike Miller prepare to load the Red Cross truck following the recent blood drive.

# 1990 JUNIOR ACHIEVEMENT BOWL-A-THON

If you are in to having fun, winning great prizes and helping build better business futures for Omaha's young people, then you will want to be a part of Junior Achievement's Bowl-a-thon on June 15 or 16.

You can participate by bowling or pledging. Either way, you will be helping Junior Achievement expand their programs for Omaha's young people.

You don't have to be a great bowler to participate and have fun. Thousands of dollars in prizes, including TV's, compact disc players, and a four-day San Francisco vacation will be given away.

If this sounds like something up your alley, contact Ethel Payton, extension 3727 or Norma Korff, extension 3801, as soon as possible.

## Important Benefit Change

If the employee chooses to have Bill Ivins, EAP Counselor, as the case manager for chemical dependency/substance abuse treatment, they must notify him prior to calling HealthCheck. If they call HealthCheck first, then HealthCheck becomes the case manager and is in control of the type of treatment or length of stay. After you have called Bill, be sure to call Health-

Check.

Call HealthCheck prior to entering a hospital for care.
