Playhouse to be Built by Pioneer Volunteers

Bob Miller, Pioneer administrator at the Omaha Works, has announced that the local chapter is soliciting volunteers for their next community project.

Plans call for a playhouse to be built on the playground of the Omaha Hearing School for Children, located at 1110 No. 66th St. This follows the building of playground equipment for the Child Saving Institute and the remodeling of rooms at Vincent House where temporary quarters are offered to the homeless.

"This new project will commence in late July, but should not be too time consuming. The end result of the Pioneers efforts will be enjoyed by the hearing-impaired children of pre-school age," Miller said.

To accomplish this task volunteers will be needed, regardless of occupation or grade. There will be work that anyone can do and the more volunteers, the lighter the load.

Contact the Pioneer office, extension 3617, to receive the details concerning the project.

Associated Club Elects Officers

The members of the AT&T Keoma Wheels Club elected Dan Moran as secretary and Larry Eads treasurer at a special meeting called by President Jon Bullock. It was also announced that Joe Fiala will replace John Mabry as Events Chairman.

The club was formed earlier this year and has participated in several auto events including those at Scribner, Nebraska.

Yellowstone Backpack

We're looking for a few good people. Not to join the Marines, but to experience the beautiful backcountry of Yellowstone National Park on foot during the third week of September. Plan to spend five days backpacking during the most colorful time of the year. We'll have a planning meeting in late July.

If interested or need more information, call Arnie Kelson, x3318 or Darwin Fager, x3077.

LOTTO BULL CONTEST

Frances Cappellano, Dept. 597-4, will have a wonderful 4th of July weekend shopping at the Westroads Shopping Center. She knew the answer to the question, "What is the number-one cause of job injury?" Her answer, "physical overload" won her $200.00 in the weekly LOTTO BULL SAFETY AWARENESS CONTEST.

Frances also knew the bonus question which was based on the safety film shown at the departmental safety meeting. That correct answer won her an additional $200.00 for a grand total of $400.00!

Next week's question will be worth $100.00 and the bonus worth $50.00 so be sure to pick up a July Fact Sheet available at all plant entrances.

Dear AT&T health care network Participant:

Blue Cross and Blue Shield of Nebraska has been working with your Benefit Committee regarding the provider network.

The Committee conducted a survey, and we have analyzed it and have ensured each eligible DOC has been contacted. We have also contacted every eligible DOC and specialist that have been nominated via the nomination form.

Since the survey was voluntary, we know not everyone responded. The Benefit Committee wishes to ensure that all eligible DOCs are contacted that AT&T employees see. Therefore, we are asking that you review the current directory and the latest update posted on your bulletin board. If your DOC (family practice, internist or pediatrician) is not in the directory; you have not completed a nomination or survey form; or you have not called the HELPLINE and nominated your DOC, please complete the nomination form on the reverse side of this letter in full and return it to the Employee Resource Center. We will then be able to ensure that your DOC is contacted for the AT&T health care network.

Sincerely,

BLUE CROSS AND BLUE SHIELD OF NEBRASKA

THE NEW PARKS ON THE BLOCK
Wait Disney World is still growing by leaps and bounds with new and updated entertainment and recreation areas. May 1, 1989 marked the debut of the Disney-MGM Studios Theme Park, followed by the opening of Pleasure Island and Typhoon Lagoon. How much do you know about each of them?

1. Which of the six nightclubs on Pleasure Island features a unique turntable dance floor plus Audio-Animatronics dancers mingling with the crowd?

3. One of the props in the "Casablanca" scene depicted in The Great Movie Ride at the Disney-MGM Studios Theme Park is not a re-creation, but the real thing from the film. Take your best shot, sweetheart.

4. A more obvious look-alike at the Disney-MGM Studios isn't the real thing at all, but an exact full-scale replica of the original. What are we talking about?

5. The Epic Stunt Theater at the Disney-MGM Studios Theme Park features thrilling stunts re-created from several classic films. One of them has the leading character being chased by a gigantic, runaway boulder. What action-packed motion picture is this from?

6. Mt. Mayday, an 85-foot mountain peak, is the focal point of Typhoon Lagoon. What is the name of the ship that balances precariously on top and where is it from?

7. The fastest waterslide at Typhoon Lagoon sends riders plummeting down the mountain and through a cave at what speed? a. 10 m.p.h. b. 15 m.p.h. c. 25 m.p.h.
