June 19, 1991

## Photos Find Viewers

On display all during the month of June in the Weoma Club showcase (main cafeteria) are photographs taken by Camera Club member, Bob Stofko, Dept. 741. His work has drawn many on-lookers as Stofko made excellent use of the subjects, lighting and shadow effects.

Stofko is also a member of the Omaha Camera Club and the Henry Doorly Zoo Camera Club.

## Yellowstone Backpack

We're looking for a few good people.

Not to join the Marines, but to experience the beautiful back-country of Yellowstone National Park on foot during the third week of September. Plan to spend five days backpacking during the most colorful time of the year. We'll have a planning meeting in late July.

If interested or need more information, call Arnie Kelson, x3318 or Darwin Fager, x3077.

Arnie Kelson

## 13th Annual Assembly—

## Pioneers Install New Officers for Chapter

President Richard Schaben welcomed the guests at the thirteenth annual assembly of the Cornhusker Chapter at the Ramada Inn Central on Friday, June 14. Approximately 150 Telephone Pioneers of America and their Partners were in attendance to witness the installation of officers for 1991-92.

Schaben, whose term officially expires on June 30, presented a 9-minute tape depicting the various activities of the chapter and its accomplishments of the past year. He re-stated the goals of 1990-91 and thanked everyone involved who helped attain them.

"Every time a Pioneer volunteer project is completed, and there have been many, the community is the ultimate winner," said Schaben.

The outgoing president noted in his remarks that the volunteer hours for the Cornhusker Chapter will exceed 100,000 hours for the fiscal year ending June, 1991. This represents over 30 hours per year for each Works employee.

One of the most gratifying experiences of his term was the ability of the Chapter to bring the Turkeyfest dinner to over 950 elderly citizens and street people. This number more than triples earlier achievements, according to Schaben.

Following Schaben's opening presentation was the invocation by Life Member Representative Tom Baye. Entertainment was provided by "Collectors Choice", a women's barbershop quartet.

Also addressing the gathering was Sharon Martin, president of the Nebraska State Reading Council. She presented the chapter with the Nebraska Celebrate Literacy Award for its efforts in recording tapes and distributing them to the elderly.

J. W. Carter, Works vice president, gave the main address of the evening. Les Watts, vice president of Region 3, TPA, swore in the new officers for the 1991-1992 year. Leo Thietje will take office as president on July 1; Jim Kelly, senior vice president; and Harvey Palmer, vice president. Baye and Pat Nowak will continue in their terms as Life Member Representatives.

Bonnie Stuto/Jeannie Taylor def. Ellie Ferraguti/Sue Tucker, 6-1

## LOTTO BULL CONTEST

Nancy Carbonell, Dept. 559-2, was a happy lady this week when she won \$100 in the Lotto Bull Safety Awareness Contest. The question was: "How do purifying respirators work?" Her answer was: "they entrap contaminants before you breathe it."

Nancy didn't win the \$50 bonus so next week's question will be worth \$100 and the bonus worth \$100. Be sure to read the June Fact Sheet.

## Judy Carstens Keeps Lead

Judy Carstens remains the league leader in Weoma Club Women's Doubles tennis with a 64.51 winning percentage. She won all three of her doubles matches on June 11 and leads the league in games won.

Elaine Cefrey, former Works employee, is currently in second place, 5 percentage points behind Carstens. Rounding out the top three slots is Mary Van Roy with a 54.20 winning percentage.

On Court #2, Ellie Ferraguti, Bonnie Stuto and Jeannie Taylor each won two of three sets.

## Yocals at .500 with Solid Team Performance

The Local Yocals, led by manager "Hillbilly Phil" Filarecki, destroyed a hapless Super Auto team in Tuesday softball league action. The Weoma Club team filled the sky with towering base hits. Dave Boyer belted 2 home runs and had a big 5-for-5 at the plate.

Also slamming homers for the Yocals were Wes and Chuck Russell. Both were 4-for-5 on the night. The Yocals evened their season record to 3-3.

Tommy "Oil Can" Fursts' Sluggo's got hot early and never eased up while stopping Chuggers cold, 17-1. Aiding Sluggo's run total were Matt Huerta and Brian Seaton, each with a 4-bagger.

Novotny's retained the first-place standing by downing the Eagles, 11-5.

## Correction—

The last issue of the Weoma Club News noted that Jerry Cundiff's winning entry in the Omaha Works Quality Calendar Art Contest would be displayed during the month of November. It should have stated the month of September. Also, the name of one of the honorable mention winners is Scott Marsh, son of Carolyn Marsh, Dept. 581-3.

## ENTERTAINMENT

**Pam Raabe, x3154**

# Label Lingo

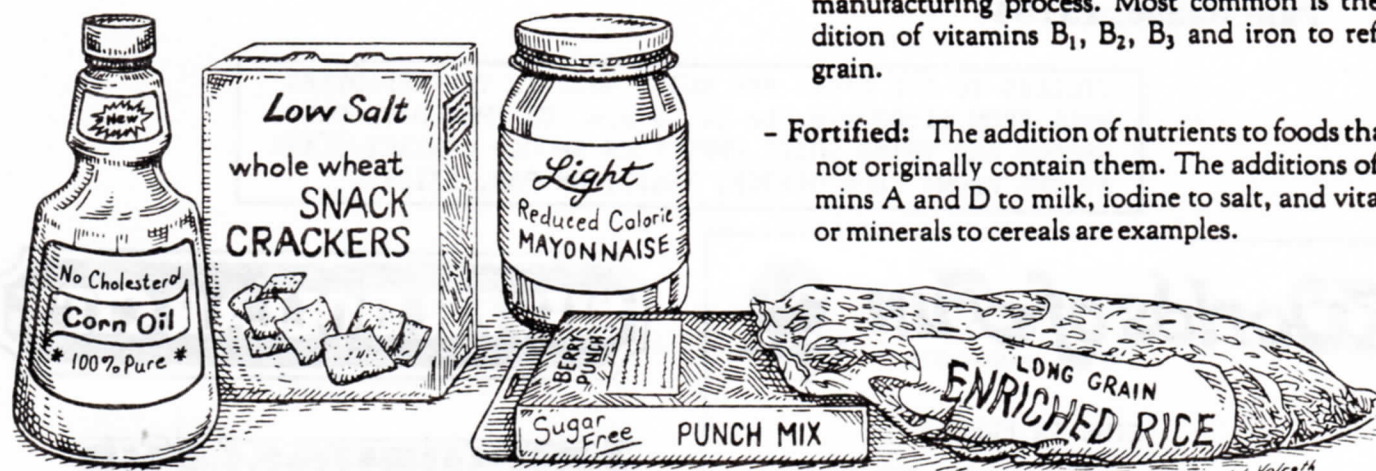

**F**ood labels are designed to be attractive and informative, yet sometimes the information can be confusing.

Terms such as "lite" or "light," "natural," or "organic" have no standard definitions and are often misleading to unsuspecting consumers.

The following list of legal definitions will help you make informed food choices by making you a more confident label reader.

- **Lean:** No more than 10% fat by weight – not by calories.
- **Extra Lean:** No more than 5% fat by weight – not by calories.
- **Leaner:** At least 25% less fat (by weight) than the original product.
- **Dietetic:** One or more ingredient (usually sodium or sugar) has been changed, substituted or restricted. Not necessarily low in calories.
- **Sugar-free/Sugarless:** Contains no sucrose (table sugar), but might contain corn syrup, fructose, honey, sorbitol or other sweeteners. Not necessarily low in calories.

- **Sodium-free:** No more than 5 mg sodium per serving.
- **Very Low Sodium:** No more than 35 mg sodium per serving.
- **Low Sodium:** No more than 140 mg sodium per serving.
- **Reduced Sodium:** At least 25% less sodium than the original product.
- **No Salt Added and Salt-Free:** No salt added in processing. However, the food could have significant amounts of natural sodium, or sodium from other sources such as soy sauce or preservatives.
- **Low in Calories:** No more than 40 calories per serving and no more than 0.4 calories per gram.
- **Reduced Calorie:** One-third fewer calories than the product it most resembles, except meat and poultry which must contain 25% fewer calories than similar products.
- **No Cholesterol:** Currently, no legal definition. Remember, though, that a product labeled no or low cholesterol may still contain saturated fats that raise blood cholesterol, and that this label does not mean "no fat".
- **Enriched:** The replacement of nutrients lost in the manufacturing process. Most common is the addition of vitamins B<sub>1</sub>, B<sub>2</sub>, B<sub>3</sub> and iron to refined grain.
- **Fortified:** The addition of nutrients to foods that did not originally contain them. The additions of vitamins A and D to milk, iodine to salt, and vitamins or minerals to cereals are examples. ☐

## Memorable Quotes

Perhaps we're worrying too much about automation taking our jobs. Whenever a traffic jam gets really bad, they turn off the traffic lights and bring in a policeman.

- Bill Vaughan

If you must talk about your troubles, don't bore your friends with them - tell them to your enemies, who will be delighted to hear about them.

- Olin Miller

One has to distinguish between two forms of intelligence, that of the brain and that of the heart, and I have come to regard the second as being far the more important.

- George Gissing

The federal budget speaks in terms of billions. But how much is a billion dollars? If a man stood over a big hole in the ground and dropped in a \$20 bill once every minute, day and night, it would take him 98 years to throw a billion dollars into the hole.
