## NEWS

March 6, 1991

Doris Little (l.) and Barb Wiersema.....doing their part.

### AT&T Has Its Own Betsy Ross

With patriotism running high because of the crisis in the Persian Gulf, it has been difficult at times to purchase American flags. Some stores sold out early before Desert Shield was to become Desert Storm.

What does a person do when you want a large flag and can't buy one? Well, if your talented enough, you make one...like Betsy Ross did!

The Omaha Works has its own Betsy Ross. Using pieces of scrap ribbon used in Dept. 596 (Building Entrance Protectors) Doris Little spent several weekends piecing together the 9' X 4 1/2' size flag that now hangs above her department

"Each star was hand-cut but the hardest part was placing them exactly opposite on each side of the flag," Doris said.

But even though her weekends were taken up with this formidable task, she beamed as she said, "it was my way of doing my part to help the cause."

(continued on page 3)

### Godsey's Team Takes 1991 Basketball Championship

In the final Weoma Club basketball game of the 1990-'91 season, Terry Godsey's Team #2 defeated Team #4, 72-41. The victory gave Team #2 the league championship with 6 win, 2 loss record. Team #4 finished at 5-3.

Aaron Plambeck led the winners by scoring 24 points with 16 coming in the second half. Larry Cherry and Chad Godsey each had 15 points while Jay Dempsey added 12.

Kevin Ramplin and Dan Staudt paced the losing Team #4 with 12 points each and John Wilson had 10 points. Team #4 was hindered by fouls as Kevin McCarthy and Terry Moore both fouled out early after scoring a total of seven points.

### Sportsmen's Club —

### Doug Sorenson to Show How Furs Are Made Into Apparel

A video titled "How to Hunt Wild Turkey's" by J.S. Fears was shown at the February meeting of the Weoma Sportsmen's Club. A swap meet was held with several items either being sold or traded.

At the clubs' March meeting Doug Sorenson will give a presentation on the use of fur from trapping and how it is made into finished items such as coats, vests, gloves, pants, hats and shoes. Sorenson has spoken at the club meetings in the past, but mostly on how to trap so this should be an interesting and different presentation. He is familiar to many Omaha Works employees as he is the safety shoe salesman for Haney's Shoemobile.

Judging will be held for the largest white-tail deer racks and longest pheasant tail feathers at the March meeting. Entries should be brought to the meeting with deer tags attached. Those unable to attend should make provisions to have someone bring their entry with their name, department number and phone number attached.

The meeting will be on March 6 at 7:00 p.m. at the Papio Natural Resources Center (Dam Site 20), 8901 So. 154th St. Refreshments and door prizes will be available.

# Annual Longs Peak Adventure

-1991-

Attention AT&T Weoma Hikers, Runners, Cyclists and Skiers

A cross-section of AT&T people will meet August 3, 1991 at 3:15 a.m. at an Estes Park, Colorado motel. After getting acquainted, they will car pool up to the Longs Peak ranger station. At 4:01 a.m. they will be hiking up the trail carrying flashlights, food, cameras and rainwear. Climbers will hike in small parties of 2 to 6 persons of similar pace. Just before noon all those at the 14,255 foot summit will gather for a picture.

If this appeals to you, you may want to begin your spring exercise program soon! Then call Darwin Fager, extensions 3077 or 3078, Don Roach, extension 3288, Denny Horner, extension 3133 or Arnie Kelson, extension 3318.

## OPTIONAL THIS YEAR:

It is believed that a "High Altitude Pre-flight Shake-down Cruise" would be beneficial and fun. A good place and time to do this would be a stroll up Mt. Elbert (elev. 14,433'). A good time would be Wednesday, July 31. This is located on Half Moon Creek just off the Colorado Trail, nine miles southwest of downtown Leadville, Colorado. There would be a couple of days between events for the mountain bikers to do Mosquito Pass or relax on a white water river trip south of town. To indicate interest call any of the above people.

## 1990 Longs Peak Adventure

This robust crew is about to be rained upon and somewhat frightened by a brief afternoon thunderstorm. Shown above are (l. to r., front row) Tracy Voegeli, Dept. 704; Jason Rothfuss, student; Toby Spanel, student; John Fager, student; Don Roach, Dept. 582; Ken Deman, Dept. 704. Back row (l. to r): Darwin Fager, Dept. 704; Caleb Morgenson, student; Bill Hickins, Dept. 744; Jeff Nielson, Dept. 725; Curt Newland, student; and AT&T's Greg Hughes.

Feeling symptoms of altitude sickness and stopping just short of the top were Dan Kuiper, Arnie Kelson and JR Newland. Not photographed were several members of another AT&T family lead by Joan Jones (retired).

# Are You Trying to Lose Weight

Take a look at LIFESTEPS- a 16-week weight management program designed for people who are 10-75 pounds overweight and are committed to taking the weight off and keeping it off!

Participants lose weight gradually and make gradual changes in their lifestyle to keep the weight off. There are three individual goal setting meetings along with 14 group lessons taught by a registered dietician.

Stop by medical for more information about LIFESTEPS. Lose weight the healthy way, and for good! Deadline for class sign-up is March 15.

## AT&T Has Its Own Betsy Ross

(continued from page 1)

Hanging on each side of the huge flag are two yellow ribbons. They were made by Barb Wiersma, also of Dept. 596. Barb fashioned them from tissue paper and has other ribbons in the area.

If you are in the area of Dept. 596 (BEP), stop and take a look at this display of patriotism. It will make you feel good inside.

## Billy Says "Thanks"

Feb. 19, 1991

To the AT&T Ski Club:

As everyone knows, I'm not very good in making speeches, but would like each and every skier and club member to know how very much I enjoyed going and being a part of a fine bunch of people.

would like to thank Darwin and Terese for all they did to make the trip go, and to the other leaders also. I know these people worked very hard. Again, all I can say is THANKS for dedicating this trip to me. THIS IS SOMETHING I WILL ALWAYS REMEMBER. THANKS AGAIN!!

*Billy Murphy*

## FOUND

A package was left on the Amtrak train as Weoma Club skiers arrived in Omaha following their recent ski trip to Colorado.

If this package belongs to you or someone you know, contact Sam Baker, x4896 or 896-9479.

# LOTTO BULL CONTEST

Greg Bubbert, Department 747, was the last LOTTO BULL winner for the month of February. Greg was asked: "What is the safest way to check the cutting edge of a tool?" He answered, "scrap material."

Greg won \$100! We asked him what he was going to do with it. He smiled and said, "I think I'll give it to my wife. Nah, I think I need some new ties." We agreed!

Greg was not eligible for the \$50.00 bonus question, therefore next week's total will be worth \$200; \$100.00 for the Safety Fact Sheet and \$100.00 for the bonus question. Good Luck!

## SAFETY TRIVIA by Shirley

### TRIVIA ABOUT HYPOTHERMIA

1. When does hypothermia occur?
2. What parts of the body are first affected?
3. What is the first real sign of hypothermia?
4. What is the best way to avoid frost bite and hypothermia?
5. What is the ideal way to dress in cold weather?

### ANSWERS:

1. Hypothermia occurs when your body loses heat faster than it can produce it.
2. Hands and feet.
3. Shivers.
4. Dress appropriately for cold weather.
5. Layer clothes. That way, you can take off or add clothes as needed.
