The Art of Making Knives is Demonstrated by Chuck Syslo

The April meeting of the Weoma Sportsmen's Club featured Chuck Syslo, a tool and die maker in Dept. 704-2. Syslo provided the members in attendance with an interesting and informative talk about the art of knife making.

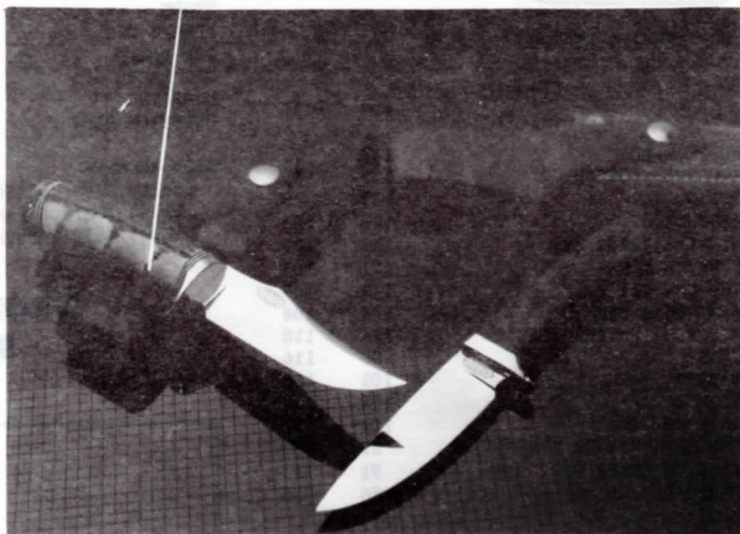

SYSLO

Syslo was accepted as a member of the Knife Makers Guild about ten years ago. The makers have to meet certain criteria and demonstrate skills necessary to become a member.

The types of steel Syslo uses for knives is 440c, 154cm, ATS 34 or D2. Steel bar stock is ordered from a knife maker supply house. The stock is sawed out to match a pattern. Next, it is rough shaped on a mill and grinder. The blade is then sent to a company (usually one in California) to be heat treated which hardens the blade. After this process the blade is fine sanded and polished until the desired finish is reached. This is the most time consuming part of knife making.

After the polishing is finished, the handle is attached. All holes or taps for the handle attach-

(continued next column)

ments are finished before the blade is hardened. Handle materials vary from wood micartas and sambar stag to exotic woods and ivory.

The knives Syslo makes carry the name "Cisco". If you have any questions concerning knives, call him at 333-0647. The Sportsmen's Club thanks Chuck for his fine presentation.

Two videos on fishing will be shown at the next club meeting on May 1 at 7:00 p.m. at the Papio Natural Resources Center Dam Site 20, 8901 So. 154 Street. Refreshments and door prizes will be served.

Works Safety Organization Receives 1990 Award of Merit

The Omaha Works received the 1990 Award of Merit from the Omaha Safety and Health Council at its 1991 Safety Expo. The Expo was held at Ak-Sar-Ben Coliseum on April 11.

Members of the Safety Organization attended the breakfast and luncheon and also participated in the Expo by staffing a booth displaying this years Safety Awareness contest, Lotto Bull.

The award for 1990 was accepted by Rich Schmitz, safety supervisor and Chuck Recka, manager, plant engineering operations. The 1990 program was replaced by Lotto Bull.

Omaha Works employees attending the 1991 Safety Expo are: (seated 1. to r.) Ray Retzlaff, Kathy Fink and Rich Schmitz; standing is Luis Canal.

Other companies attending the Expo showed great interest in the Works' Safety Awareness program, Lotto Bull.

LOTTO BULL CONTEST

The employee whose name was drawn for the Lotto Bull Awareness question for the fourth week in April did not know the answer to the question. The question was: "What is the emergency number at the Omaha Works? The answer is 3222.

Not knowing the correct answer made the employee ineligible for the bonus question. Therefore, next week's Lotto Bull question will be worth \$200 and the bonus worth \$150 for a total of \$350.

Read your fact sheets which are available at all plant entrances and in the main and cable cafeteria. Remember, the bonus question is based on your March departmental safety meeting.

SAFETY TRIVIA

by Shirley

Trivia about air bags:

1. How fast will an air bag inflate upon impact?
2. If you wear safety belts and your car has an air bag, you can reduce your chance of injury in front-end or front-angle crashes by more than (A) 37%, (B) 48% or (C) 50%.
3. TRUE or FALSE- Air bags will inflate in rear-end collisions, sideswipes and roll overs.
4. Air bags inflate only in the case of a frontal crash - the equivalent of (A) 12 mph, (B) 17 mph or (C) 22 mph.

ANSWERS:

1. In less than 1/25 of a second.
2. (C) 50 percent
3. False. Air bags are activated by a crash sensor behind the front bumper.
4. (A) 12 mph.

1992 QUALITY CALENDAR
ART CONTEST AND MAYBE
YOUR MASTERPIECE WILL
MAKE HISTORY!

The Omaha Works Quality Organization 080 is sponsoring an art contest with 12 winning entries to be printed in full color in a 1992 calendar. Calendars will be distributed to all employees in October, which is National Quality Month.

The purpose of the contest is to focus attention on the importance of quality in everything we do. If you're an artist, you produce a unique work that reflects your creative abilities at their best. As employees of Network Cable Systems, our goal is to become the world's pre-eminent designer, manufacturer and supplier of products that meet people's needs in the information society.

You should have received information concerning the contest: eligibility, prizes and rules. Now it is up to you! Your entry will be secure while in possession of the Quality organization.

12 GOOD REASONS FOR HAVING U.S. SAVINGS BONDS

1. INTEREST RATES ARE HIGHLY COMPETITIVE

Savings Bonds held five years or longer will earn 85% of the average yield on five-year Treasury securities, with interest compounded semiannually.

2. CURRENT MINIMUM GUARANTEED RATE

Should market rates drop sharply, the average yield on Savings Bonds will pay no less than 6.0 percent, for Bonds held 5 years or longer.

3. BIG TAX SAVINGS

U.S. Savings Bonds are exempt from all State and Local Income or Personal Property Taxes.

4. DELAYED FEDERAL TAXES

No Federal Taxes to pay until Bonds are cashed or reach final maturity.

5. CASH ON DEMAND

Liquidity is always on the thinking investor's mind. Cash, when you need it, is one of the best benefits of U.S. Savings Bonds because of easy conversion at any time after 6 months from purchase.

6. STRENGTHENING AMERICA

Buying Bonds is patriotic. It helps you while you help your country. Bonds serve to underwrite Federal monetary needs and help fight inflation by supplying dollars that might otherwise be borrowed at much higher interest rates. One billion dollars in Savings Bonds sales saves the Treasury and therefore saves the taxpayers 70 million dollars.

7. COLLEGE COSTS MADE EASIER

Accumulating U.S. Savings Bonds for you, your spouse or your child's education can be Tax FREE when certain conditions are followed. Read SBD-1964 brochure: "U.S. Savings Bonds: Now Tax Free for Education."

8. PEACE OF MIND RETIREMENT

You can cash bonds to supplement your retirement income, reporting the tax-deferred interest as income on your tax return.

Or, you can produce income from your savings by exchanging accumulated Series EE Savings Bonds for Series HH Bonds, which pay interest as it's earned by semiannual Treasury payments. You need not pay tax on the accumulated interest on the bonds you exchange until the HH Bonds are cashed or reach final maturity. This way you keep your principal intact and have a steady interest income for up to 20 years.

9. BONDS NOT SUBJECT TO PROBATE

Savings Bonds registered in either coownership or beneficiary form become the sole property of the survivor. The Bonds do not pass through the decedent's estate, whether or not it is administered. However, their value usually must be included in computing the gross estate for estate and inheritance TAX Purposes.

10. SAFE/INDESTRUCTIBLE

If lost, stolen or destroyed, U.S. Savings Bonds will be replaced without charge, by the United States Government.

11. PAINLESS ACCUMULATION

The Payroll Savings Plan is virtually painless when an allotment each paycheck is automatically set aside to accumulate Bonds.

12. NO COMMISSION OR MAINTENANCE CHARGES

SUMMARY OF RATES TO DATE

November 1, 1990—April 30, 1991	7.19%
May 1, 1990—October 31, 1990	7.01%
