November 13, 1991

The generosity of the Omaha Works employees was apparent when 553 dolls and 600 bears were displayed in the company auditorium in late October. All 1,153 of them were dressed by the em-

ployees and delivered to the Salvation Army for distribution to needy children prior to the Christmas holidays. Shown above is only a small portion of the display.

## UPDATE ON WEOMA CLUB 1992 SKI TRIPS

by Darwin Fager

The Hallowe'en blizzard seems to have brought the ski season on a little early this year. Interest is running high, both in downhill and cross-country skiing.

Among those planning December trips to Colorado are Rick Runnels, Dan Staudt, Kurt Vander-griend, Steve Pokorski and Ted Frye.

Only six seats remain on the Amtrak California Zephyr bound for Winter Park February 1-6, 1992. If you are interested in the train trip or the March '92 Utah ski trip call or write Terry Kamino (Dept. 586, x3788 -Utah trip) or Darwin Fager (Dept. 704, x3077 - train to Colo.). If cross-country skiing sounds fun, call Arnie Kelson, x3318.

## Christmas Season-

# TOY DRIVE '91

For several years the people at AT&T Network Systems (Omaha Works) have been the largest contributors of toys (as a group) to the Salvation Army' Toy Drive.

Because of this distinction and knowing the AT&T people care, the Salvation Army is offering the employees a chance to become even more involved by participating in the actual distribution of the toys. A volunteer would work during the available hours (9:00 a.m. to 8:00 p.m.) on December 18 or 19 at the Salvation Army Renaissance Center, 36th & Cuming Streets.

The volunteers will work in the "Toyland Store" meeting needy families and escorting one family at a time through the store to select their gifts for Christmas.

If you can share your personal time for this important cause please contact the Pioneer office, x3617, Kitty McCants (2nd shift, x3589) or Darwin Fager, x3077.

Fager, a Weoma Club director, noted that two ladies have already signed up. He urges the men of the Omaha Works to keep the numbers even by signing up, also.

Shown above are just a few of the twenty-five shopping carts full of toys donated by Works employees in 1990. Grace Romero (left), Jan Smith and Larry Cherry (right) are committee members who purchased the toys at an area retailer.

## Salvation Army-

# Delivery People Needed

The Salvation Army needs help in delivering pre-wrapped Christmas gifts to elderly shut-ins in the Omaha area. This is a wonderful opportunity for individuals, families and groups to participate in making the holiday season a less lonely time for people in our community. Volunteers are needed to deliver these gifts and share in the joy of giving.

DATE: December 8

TIME: 11:00 a.m - 3:00 p.m.

PLACE: 3612 Cuming St., Renaissance Center.

### WHAT TO DO IF TRAPPED IN A BURNING BUILDING

■ If you're trying to escape a fire, never open a closed door without feeling it first. Use the back of your hand to prevent burning your palm. If the door is hot, try another exit. If none exists, seal the cracks around the doors and vents with anything available.

■ If trapped, look for a nearby phone and call the fire department, giving them your exact location.  
■ If breathing is difficult, try to ventilate the room, but don't wait for an emergency to discover that windows can't be opened.

### SUMMARY

These are your keys to preventing and surviving fires wherever they occur.

This will only be on Saturday, Dec. 7, from 8 a.m. until 6:00 p.m. with four (4) 2-hour shifts. There will also be a stationary kettle in front of the Garden Cafe. The Salvation Army Band will be on hand to play throughout the day. It should be like a step back in time of Olde.

Hurry and call for a time best suited to you. Call Harvey Palmer (691-3499) or Clara Hendricks at the Pioneer office (691-3617) before the good hours are taken.

## Camera Club Meeting

The next meeting of the Weoma Camera Club is scheduled for Tuesday, November 19 at 7 p.m. at the Swanson Library, 90th & West Dodge Road. ## LOTTO BULL CONTEST

Joe Sharpnack, Dept. 581-5, wins \$350! Joe didn't have to be asked to smile when his picture was taken after he correctly answered the Safety Awareness question: "How many inches from the floor should a load be transported with a fork truck." Joe's answer was 6-10 inches. Way to go, Joe!

## CaddyClean™

THE ULTIMATE GOLF TOWEL  
FOR YOU AND YOUR EQUIPMENT

For those golfers who can't afford a full time caddy like the pros, CaddyClean™ golf towels supply you with your own caddy. Of course, CaddyClean™ won't carry your clubs or measure yardage but it will keep you and your equipment clean. This patented dual golf towel affords every golfer with two areas to clean clubs or balls while keeping the rest of both towels clean and dry. The cleaning area consists of a water absorbent material covered by an abrasive scouring cloth which is safe for all club surfaces.

Moisture is the only way to clean both balls and clubs. That's why tour caddies are constantly looking for a place to wet their towels. Moisten the cleaning areas of your CaddyClean™ towel before the beginning of play and it will stay wet during the round. This moisture, aided by the scouring cloth, allows you to easily keep your equipment clean the whole round.

CaddyClean™ is two golf towels in one. The large towel attaches to your golf bag in the traditional manner with grommet and hook. CaddyClean™'s second, smaller towel attaches with velcro to the large towel. The second towel is easy to remove and replace so you can take it with you wherever you need it.

Every golfer needs a towel when they go to the green. You can clean your ball safely with CaddyClean™'s moist surface. No more licking or spitting on the ball to clean it. Fertilizers, harmful insecticides, and other chemicals may be on your ball. Licking your ball to clean it is not smart... it could make you sick. Instead, use CaddyClean™... it makes you look smart.
