RACQUETBALL

The Weoma Club racquetball league is in full swing with four divisions playing Monday through Thursday.

Tom Wolterman (foreground) is shown serving to David Hitchcock in recent competition at Sports Courts. The league has thirty-seven players with some competing in two divisions.

Fast-Paced Action Keeps Players Alert

Paul Perez, who is currently sharing first place in Division III with Jim Howard, prepares to return a serve from Mike Commons in photo at left. At right, Bill Johnson (foreground) and

Tim Parks battle it out on Court 9. Parks improved his win-loss record to 5 and 1 and now is tied with David Hitchcock for second place in Division III.

LOTTO BULL CONTEST

Angie Armendariz, Dept. 595-4, is the lucky winner in the LOTTO BULL SAFETY AWARENESS contest this past week. She correctly

answered the question: What color are CO2 fire extinguishers?" The answer that won her \$100 was - red. She also answered the BONUS question which was based on the safety film shown at her last departmental safety meeting. That answer won her an additional \$100. Have fun shopping with your Westroads gift certificates, Angie!

Next week the LOTTO BULL question will be worth \$100 and the bonus worth \$50 so be sure to read the October Fact Sheet that was printed in the Weoma Club News.

WIN WITH SAFETY

Don't try to convince Jim Howard, Dept. 552, that proper eye protection isn't important. On October 4, Jim was playing racquetball and took a direct shot to his goggles. Had he not been wearing them he could have received a serious injury or loss of vision.

Jim has been trying different types of goggles for about a month but has never considered playing without goggles. Weoma Club racquetball president, Bill Fleming, wishes all league participants would take heed of Jim's experience. "There are several guys who don't wear any type of protection at all; it's crazy! Peter Loth. Everyone has company issued safety glasses. It's simple to slip them on and protect your vision," said Fleming.

Jim isn't the only AT&T employee who has saved his eyesight by wearing the correct protective eyewear. Luis Canal and Cecil Ward are also proof that eye protection pays--one was hit by the ball and one by the racquet itself.

Are you in the dark about how to raise your teenager?

Growing up isn't easy on teenagers—or their parents. It's an uncertain time, full of outside pressures and critical choices. Nowadays, parents must intervene to help their teens. To find out how, attend our free seminar.

Raising Teens In The '90s

Open To The Public • Free Of Charge

Monday, November 4, 1991

7–8:30 p.m.

Millard North High School Auditorium

1010 South 144th Street

Omaha, Nebraska

This informative, 90-minute seminar will help answer questions you may be facing with your teenager. Dr. Lawrence T. Demilio and Dr. Carl A. Salierno—both from the Carrier Foundation in Belle Mead, New Jersey—will teach you how to distinguish normal teen rebelliousness from problematic behavior, how to help your teen cope with peer pressure, and how to deal with other aspects of growing up in today's complicated world.

Make plans now to attend this important event. Your teen needs you to be involved and to know when and how to intervene. For more information, call ASK-A-NURSE® at 571-9999.

Drivers for the Blind Needed

Mr. Larry Streeter, president of the local Federation of the Blind discussed with the Cornhusker Chapter representatives the need of the blind to have transportation to attend their monthly meetings. "City bus transportation can be very difficult, especially after dark and in the colder weather," he said.

The Cornhusker Chapter has served the visually impaired for several years, providing transportation for them to various functions. The new plan is to appoint two volunteer drivers for each blind person. Between them they can decide who will drive on any given month or they can accompany

each other if they so desire.

Mr. Streeter will provide the Pioneer office the names and addresses of six to twelve needy people.

If you would like to be a part of this volunteer group, find a partner driver and sign up together. Contact the Pioneer office, x3617 or x3894 and leave your name and telephone number.

Darwin Fager, chairman of this program for the chapter, said at least six cars will be needed this Friday, October 25 for 6:30 p.m. pick-up and 8:00 p.m. return times.

Outdoor Adventure-

New Associated Club Has Something for Everyone

The Weoma Club executive board gave its unanimous approval to the formation of the newest associated club called the Weoma Outdoor Adventure Club.

Weoma Club President Jerry Berger had asked the board to consider approval at the October 8 meeting so the new club could submit its 1992 budget before the October 11 deadline. Arnie Kelson presented the board with a copy of the nine articles that will govern the club.

Kelson, who has been elected to head the club, gave a thorough presentation and answered questions from the officers and directors. Then, Treasurer Bill Fleming entered a motion for approval, seconded by Vice President Sharon Justsen. The motion carried. The club was placed under the directorship of Carol Bloomer (Associated Clubs).

The Outdoor Adventure Club will promote outdoor related group activities such as backpacking, bicycling, camping, canoeing, cross-country skiing, hiking and mountaineering, according to Kelson.

Employee Interest in Weoma Activities

If you are interested in participating or receiving more information on any of the associated clubs check the appropriate box, fill in your name, department number, extension number and return it to the Weoma Club office located in the Employees Activity Mall. A Weoma Club officer or director will contact you.

() YES! I would like to participate in the Weoma Club activity/activities indicated below.
