## Household Helps

### It Depends On You

*whether you are a slave to the drudgery of housework, or make it easy through the more extensive use of electricity in your home.*

Use the well proven Western Electric Household Helps. They cost surprisingly little to buy, and less than 2 cents an hour will pay the current bill for any one of them.

As an investment they will pay for themselves many times over. For their utility and convenience, you'll wonder how you ever did without them.
